Enrollment is associated with the checking account, and the program will apply to all active debit cards associated with the enrolled checking account.

Program details

After enrollment, each purchase using your Park City Credit Union Visa debit card will be rounded up to the nearest whole dollar. The rounded amount will then be transferred from the checking account attached to the debit card into the regular savings account under the same membership. Each rounded amount will be between \$0.01 and \$0.99. Transfers will be completed in one lump sum at the end of each day.

The transfer description on the transaction will read: ROUND-UP TRNS TO 000

When do transfers occur?

Park City Credit Union will transfer the total amount aggregated on a daily basis to regular savings account under the same membership. If the available balance of the checking account is less than the aggregated transfer amount, the transfer will not occur.

What transactions qualify?

Purchases run as debit or credit made with a Park City Credit Union debit card attached to a checking account enrolled in the "Debit Card Round Up" program.

ATM transactions and whole dollar transactions do not qualify and will not generate transfers.
